

The D.O.V.E. – Your Personal Health Assistant

Why would I want The DOVE – I’m basically healthy?

- Because - You want to **STAY HEALTHY**.
- Because - You want **QUALITY** of Life, and Quality of Life means **HEALTH**.
- Because - You want to **LIVE** Life... **FREE** of **PAIN**

With The D.O.V.E., your body heals **FASTER, EFFECTIVELY & COMPLETELY**

The **D.O.V.E.** does not mask or suppress pain and/or symptoms so that they return later (as do many prescription medicines), yet while working **TOGETHER** with the body, it jumpstarts the body’s healing programs, following thru, until the body returns to a natural state of balance.

The D.O.V.E. JUMPSTARTS YOUR BODY’S HEALING PROGRAMS

How can it do this?

The **D.O.V.E.** engages in a dialogue with your body. It literally converses in the language the body understands, which we call **BodyTALK**. This language is made up of neurological electrical impulses. The **D.O.V.E.** begins speaking to the body the moment it touches the skin, and the body responds to the signals sent. The **D.O.V.E.** then adapts to the body’s response signals. A “conversation” ensues, in which one could say that the body expresses its discomfort - and The **D.O.V.E.** calls upon the body’s healing abilities by calling forth a massive release of “messenger molecules” (**Regulatory Peptides**), which come to the aid of the point of dis-ease at an accelerated speed in massive force. The result – turbo healing bringing the body back into a state of maximum efficiency, or what we know as **HEALTH**.

This electronic miracle is like having your own **Personal-Healing-Practitioner AVAILABLE ON DEMAND**

Every-BODY requires a **Personal Health Assistant** in their pocket – No one needs to be at the mercy of pain and dis-ease any longer

The **DOVE** is the newest edition to the SCENAR family (born out of the Russian Space program). It is not science fiction, even though it produces almost ‘fairy tale’ results. It deals with the daily health needs of old and young, animals and Humans with 90-95% success. The **D.O.V.E.** is the:

SAFEST - SIMPLEST - MOST EFFICIENT - UNIVERSALLY EFFECTIVE - PRACTICAL HANDS-ON, “TAKE CHARGE OF YOUR HEALTH” DEVICE

It’s Real, It Works, and It Is **Available for You NOW**

Rod Carter Dallas Cowboys Linebacker;

After 8 years of tremendous hip and knee pain, my only outlook was surgery. I thought I had tried everything until a performance coach introduced me to The DOVE. In my very first treatment, not only was my hip pain relieved but my confidence in my knees was regained.

Roy Foster: 2 time Pro Bowl NFL Offensive Lineman

After 10 years out of the league, my body has never been functional. Waking up each morning in agony due to my lack of mobility and sever pain, my lifestyle, was not very fulfilling. In just a couple of treatments with The DOVE I was able to move without pain and now have hope for a better future.

Troy Stradford; Miami Dolphin Running Back

I wanted to thank you for allowing me to experience your product this afternoon. When I say it has been over 14 years since I was able to go about my day in a normal fashion, with out a large percentage of my mind focused on my back pain...I'm telling the truth. I called my girlfriend an hour after being worked on, praising your product. Living back/pain free has always been a dream...I'm living that dream right now. Thanks again. Troy

IF THE D.O.V.E. IS GOOD ENOUGH FOR THE WORLD-CLASS ATHLETES – IT’S GOOD ENOUGH FOR YOU!
